NOTE FOR: Walt Elder
Executive Secretary, NFIB

FROM : EA/DDCI

Walt,

To follow up on the Committee Chairmen meeting yesterday, would you please see that John receives the following:

-- An assessment from each of the Committee Chairmen regarding whether or not we are paying sufficient attention to the BW/CW issue.

-- Any committee papers done on lasers within the last year.

-- A copy of the paper that [] mentioned on jamming policy (would appreciate this one sooner rather than later).

25X1

-- An assessment of existing capabilities for machine translation of foreign languages [] should probably take the lead on this one, coordinating as appropriate with [] and probably the IRDC).

25X1

25X1

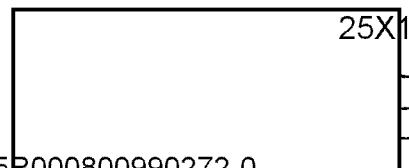

-- Any papers done within the last year on charged particle beams.

Karen will be in contact with you to set up the next meeting, probably sometime in early October.
